The Biomarker Map

How to Select and Interpret Tests in Longevity and Functional Medicine

A physician-led guide to what laboratory values, imaging findings, physiological measurements, calculated scores, and longitudinal data can tell us—what they cannot—and how Pattern, Context, Time, and Systems turn measurement into judgment.

APPROVED BIOGRAPHY

Scott A. Mirowitz, MD, is Professor Emeritus of Radiology and Medical Imaging at Loyola University Chicago Stritch School of Medicine and chaired radiology at Loyola and the University of Pittsburgh. At Washington University School of Medicine's Mallinckrodt Institute of Radiology, he served as Professor and Co-Director of MRI and was Chief of Radiology at Barnes-Jewish Hospital North Campus. A board-certified diagnostic radiologist, he trained through the Institute for Functional Medicine and the American Academy of Anti-Aging and Regenerative Medicine, and holds certifications from the International Board of Functional Medicine Certification and the American Board of Anti-Aging and Regenerative Medicine.
